Homepage Sections

1. Hero Banner

BIRD Renewables - Inventor-Led Clean Energy and Industrial Innovation Platform.

Tagline: Clean Energy. Stronger Industry. Sustainable Future.

2. Founder Introduction

Mr. Bealur Ramalingam Kaarthic - Inventor, Director, Chief Scientist, and Clean Energy Technology Developer.

3. Core HHO Technology

Introduce the three core HHO engine platforms: GEM Gyroid Engine, PLY FLY Engine, and Tube-X High-Volume HHO Engine.

4. Innovation Portfolio

Display Projects 1 to 11 as clean corporate project cards with images, short summaries, PDF downloads, and licensing buttons.

5. Licensing and Partnerships

Explain patent licensing, fixed-year technology agreements, first-copy technology payment, manufacturing rights, joint ventures, and global partnerships.

6. R&D; / Gallery

Show lab photos, HHO plant working images, boiler testing, burner testing, assembly room visuals, and project demonstration images.

7. Downloads

Provide company profile, founder profile, core technology PDF, and all project brief PDFs.

8. Contact / Licensing Enquiry

Corporate enquiry form for investors, companies, manufacturers, industries, and technology licensing partners.
